VB-RKS 2019 (SFE12-D)

We are HanseMerkur Reiseversicherung AG and our headquarters are located in Hamburg. You are our contract partner, referred to as the policyholder, if you have taken out an insurance policy with us.

If you have insured yourself, you are also the insured person. You may also have (jointly) insured other persons. We also refer to any such persons in these insurance terms and conditions as “you”.

For ease of readability, we usually use the masculine form. This is always intended to include the feminine form.

Section A – General provisions

1. Insurance cover

1.1 Who is covered by insurance?

The persons covered are those specified by name in the insurance policy or the group of persons specified in the insurance policy.

1.2 When does the insurance cover start?

Your insurance cover will commence

- in the travel cancellation insurance with the conclusion of the contract.
- in the travel health insurance by leaving the country (crossing the border) of your permanent residence.
- in the other insurance when the trip starts. The trip is considered to have started when you board
 - the means of transport that was booked and insured or
 - the booked and insured room.

1.3 When does the insurance cover end?

1.3.1 Your insurance cover for travel cancellation insurance will end

- when you board the booked and insured means of transport or room or
- if the insured event occurs.

For the other insurance policies, the end of cover is specified in the insurance certificate. However, it ends no later than the conclusion of the trip or for the travel health insurance with the return (crossing the border) in to the country of your permanent residence.

1.3.2 Is your trip lasting longer than originally planned? If this not your fault, we will extend your insurance cover until the end of the trip.

1.4 What trips are included under the insurance cover?

1.4.1 The insurance cover applies to travel to the areas specified in the insurance certificate.

1.4.2 We define a trip as temporary absence from your permanent residence.

2. The insurance policy

2.1 By when and for how long does your policy need to be concluded?

2.1.1 Travel cancellation insurance must be concluded up to 30 days before the start of the trip and no later than the 3rd working day after the trip is booked.

2.1.2 In the case of other insurance policies, the policy must be taken out prior to departure for the entire length of the trip.

2.1.3 If you fail to meet these deadlines, the policy will not come into effect even if the premium has been paid. In this case you are entitled to receive a refund for the premium paid.

2.2 When do we pay compensation?

2.2.1 We will pay within 2 weeks. This is subject to the following conditions:

- that our obligation to pay, the reasons and the amount have been determined.
- that the necessary evidence – which becomes our property – is available.

The time to the deadline is suspended if you are responsible for our being unable to check your claim.

2.2.2 We convert your costs in a foreign currency using the exchange rate to EUR on the day the records are received. The official exchange rate applies unless you acquired the currency to pay the bills at a less favourable rate. We may subtract the following costs from your benefit:

- costs for the transfer of benefits abroad or
- for special forms of transfer that you requested.

2.2.3 You may have insurance cover for trips from other insurers as well. This may for example be the statutory health insurance or another private insurer. If you consequently have claims against other insurers, these take priority.

You are not entitled to more benefit in total than the costs actually incurred. If you have a claim for benefit from several insurers. you can choose the insurer from whom you make the claim.

If you make the claim from us first, we will reimburse you the costs insured by this tariff. We will then clarify with the other insurers whether and how they participate in the costs. We do not require the sharing of costs with private health insurance if this would disadvantage you, e.g. through loss of the premium refund.

You can read further information on this in clause A.5.2.3.

2.3 Which legislation applies to the insurance policy?

In addition to these provisions, Insurance Contract Act (VVG) and German law shall apply.

2.4 When do claims to benefits lapse?

Any claims arising from this insurance contract expire by limitation in 3 years. The expiry is measured from the end of the year in which the claim can be made. If you have made a claim, the expiry period is suspended until our decision is sent to you.

2.5 What is the court of jurisdiction?

You can submit a complaint against us to the Court responsible for the district

- where we have our headquarters,
- where you have your place of residence,
- where you are normally present, if you do not have a fixed place of residence.

2.6 In what form should a statement that you make to us be?

Declarations of intent and notifications to us must be in writing (letter, fax, email, electronic data carrier, etc.). The language of the policy is German.

3. Notes on the payment of the insurance premium

3.1 When does the premium need to be paid?

The premium is payable immediately upon conclusion of the contract. If you have agreed with us to take a premium from an account, we will collect it as soon as we receive your direct debit mandate. This payment is considered to be on time

- if we can collect the premium and
- if collection of the correct payment is not disputed.

If we are unable to collect the premium for a reason beyond your control, the payment shall still be considered on time if payment is made immediately upon receipt of our payment request.

3.2 What are the legal consequences if payment is not made on time?

If the premium is not paid on time, the provisions of § 37 of the Insurance Contract Act (see Part C) apply. This means that

- the insurance cover shall not commence until the premium is paid.
- if the premium remains unpaid upon occurrence of the insured event, we will not be obliged to pay benefits.
- we will be entitled to terminate the contract so long as the premium remains unpaid. We cannot withdraw from the contract if you can demonstrate that the reason for non-payment is beyond your control.

4. Restrictions to the insurance coverage

We do not provide cover if:

- you attempt to make fraudulent representations to us as to the circumstances which are material to the grounds for providing cover and the amount of insurance benefits.
- you have caused the damage intentionally.

Note: please see also the restrictions in insurance cover for the individual insurance policies in Section B.

5. General notes for the claim

5.1 To whom can you direct the claim?

In emergency, our 24-hour emergency call service is here to help you. You can reach it at any time from anywhere in the world. You can send your claims in any form to:

HanseMerkur Reiseversicherung AG, Abt. RLK/Leistung,
Siegfried-Wedells-Platz 1, 20354 Hamburg, email: reiseleistung@hansemerkur.de.

5.2 What general duties (obligations) do you have in the event of a claim?

5.2.1 You should make every effort to keep the claim as low as possible and avoid anything that could lead to an unnecessary increase in costs.

5.2.2 All information about the claim that you provide must be truthful and complete. You must provide us with any information that we need in order to determine

- whether an insured event has occurred and
- whether and to what extent we will pay benefits.

5.2.3 Compensation claims against third parties shall be transferred to us as per the statutory regulation and up to the amount of the benefit paid. We shall ensure that this does not disadvantage you. You are also obligated to assist, if necessary, in asserting the claim for compensation.

Note: Please also refer to the obligations to be observed under the various types of insurance policies set out in Section B.

5.3 What legal consequences result from failures of duty (breaches of obligations)?

If you fail in one of the duties specified above or breach the obligations of the individual insurance policies in Section B, we will be entirely or in part freed from liability. In this, we comply with the regulations of § 28 (2-4) of the Insurance Contracts Act (VVG). You will find these in Section C.

1.1 What is insured?

We provide benefits in the event of an insured event occurring abroad.

1.2 What is an insured event?

Your medically necessary treatment due to illness or the consequences of an accident is considered to be an insured event. The insured event starts with the treatment. It ends once it is medically established that no further treatment is needed. The following are also considered insured events:

- medically necessary treatments for complaints during pregnancy.
- premature birth up to the 36th week of pregnancy.
- miscarriages.
- medically necessary abortions.

See clause 2 for details of what exactly we provide after an insured event. Please read clause 3 carefully as well. This regulates when we do not provide benefit, even if an insured event has occurred.

1.3 Where do you have insurance cover?

Insurance protection covers travel abroad within the scope agreed in the contract. "Abroad" excludes the country where you reside.

1.4 Which doctors and hospitals can you choose between?

You can choose freely among the following legally-recognised individuals and bodies authorised to give treatment:

- doctors,
- dentists,
- alternative practitioners,
- chiropractors,
- osteopaths and

The precondition is that these

- charge fees based on the relevant official, applicable fee schedule – if available – or
- based on fees generally charged in the local area.

The hospital in the current location must

- be recognised and authorised and
- be under continuous medical management and
- have sufficient diagnostic and therapeutic facilities and
- manage case histories.

1.5 What methods do we cover if you need to be examined and treated?

We reimburse the costs for

If requested, we will in this case arrange for

- a person closely linked to the insured person to travel to the location of the hospital and back to their place of residence and
- we will assume the transport costs for the journey there and back.

This is, however, provided that you are still in hospital by the time the relative or friend arrives.

2.2.5 If the booked trip has to be interrupted or extended because you require treatment in hospital, we will reimburse the insured travel companions for additional accommodation costs for up to 10 days. The total amount for this is limited to EUR 2,500.00.

2.9 What do we pay if the insured person dies?

We organise the repatriation of mortal remains to the permanent place of residence and assume the costs for this. However, we only reimburse at most the costs that would have been incurred by repatriation of mortal remains.

2.10 What do we pay if children need care?

Can all the accompanying persons looking after a child not continue or end the trip as planned due to the occurrence of an insured event? We will organise and pay for the support of the insured minors so that they can

- break off the trip.

We also cover the additional return travel costs of the children.

Have all the insured adults been repatriated or died? Then we will organise the collection of the luggage and assume the costs for this.

2.12 When do you otherwise receive reimbursement for costs?

You pass all treatment costs first to another service insurer participating in the reimbursement of costs. Then we will reimburse

- in the case of in-patient hospital treatment
a daily hospital allowance of EUR 50 for a maximum of 14 days.
- in the case of out-patient treatment
(irrespective of the number of treatments and illnesses), a one-time amount of EUR 25.00.

2.13 When will we extend your insurance cover beyond the end of the agreed period?

Your treatment abroad lasts longer because

- your illness requires treatment beyond the original end of insurance cover and
- you are not fit enough to be transported home.

In this case, we will extend the length of your insurance cover until you are able to be transported. The necessary repatriation is then also insured.

- Exception:
- These treatments are made following in-patient treatment due to
- a severe stroke,
 - a serious myocardial infarction or
 - a serious illness of the skeleton (disk operation, hip replacement)
- and they serve to reduce the length of stay in the hospital. In these cases, you have insurance cover, if
- you inform us of the planned stay before the treatment and
 - we have agreed to the treatments in writing.
- 3.2.5 for addiction treatment, including withdrawal.
- 3.2.6 for out-patient treatment in a spa or health resort.

Section C – Annex: Extract from the Insurance Contract Act

§ 28 Non-observance of an incidental obligation

(2) Where the contract provides that the insurer is not obligated to effect payment in the event of the non-observance of an incidental obligation on the part of the policyholder, he shall be released from the liability if the policyholder intentionally breached the obligation. In the case of a grossly negligent non-observance of the obligation, the insurer shall be entitled to reduce any benefits payable commensurate with the severity of the policyholder's fault; the burden of proof that there was no gross negligence shall be on the policyholder.

(3) Notwithstanding subsection (2), the insurer shall be liable insofar as the non-observance of the obligation neither caused the occurrence or the establishment of the insured event nor the establishment or the extent of the insurer's obligation to effect payment. The first sentence shall not apply if the policyholder fraudulently breached the obligation.

(4) The condition on which the insurer's entire or partial release from liability in accordance with subsection (2) is based shall, in the event of a violation of an existing duty to provide information or duty of disclosure after the occurrence of an insured event, be the fact that the insurer instructed the policyholder in separate correspondence and in writing of this legal consequence.

§ 37 Delayed payment of first insurance premium

(1) If the single premium or the first premium is not paid in good time, the insurer shall be entitled to withdraw from the contract as long as the payment has not been made, unless the policyholder is not responsible for the non-payment.

(2) If the single premium or first premium has not been paid when the insured event occurs, the insurer shall not be obligated to effect payment, unless the policyholder is not responsible for the non-payment. The insurer shall only be released from liability if he had informed the policyholder of the legal consequence of non-payment of the premium in writing in a separate communication or by means of a conspicuous note in the insurance policy.

§ 86 Assignment of claims

(1) If the policyholder is entitled to claim damages from a third party, this claim shall be assigned to the insurer insofar as the insurer compensates for the loss. The claim may not be assigned to the detriment of the policyholder.

(2) The policyholder shall safeguard his claim for damages or a right serving to safeguard this claim in accordance with the applicable form and time requirements, and shall assist the insurer wherever necessary in asserting them. If the policyholder intentionally breaches this obligation, the insurer shall not be obligated to effect payment insofar as he cannot as a result claim compensation for it from a third party. In the event of a grossly negligent breach of the obligation, the insurer shall be entitled to reduce the benefits payable commensurate with the severity of the policyholder's fault; the burden of proof that there was no gross negligence is on the policyholder.

(3) If the policyholder claims compensation from a person with whom he is sharing a common household when the loss occurs, assignment in accordance with subsection (1) cannot be asserted, unless that person intentionally caused the loss.

Section D – Clarifications

We want to ensure that you understand your policy in full. Consequently, we are explaining the special insurance term “unexpected severe illness” and providing examples for you. Please note that the examples are not exclusive.

You are insured against unexpected serious illness by this policy. The illness has to be “unexpected” and “serious”. First, we define the criterion “unexpected” and in the next step we provide examples for “serious” illness.

- Case 1: Every first occurrence of an illness after the insurance is taken out and after the trip is booked is considered to be unexpected.
- Case 2: A repeat incidence of an illness is also insured, if no treatment for this illness was given during the last 2 weeks before the insurance was taken out.
- Case 3: An unexpected deterioration of a pre-existing illness is also insured, if no treatment for this illness was given during the last 6 months before the insurance was taken out.

Regularly conducted medical examinations to establish the state of health are not counted as treatment. The examinations are not being carried out because of a specific occurrence and do not serve to treat the illness.

Example of a “serious illness”, which could lead to an unreasonableness of the journey (not exclusive):

- the treating physician certified an unfitness to travel, or
- the medical impairment certified by the doctor is so severe that the insured person is unable to perceive the main travel service due to symptoms and complaints arising from the illness, or
- due to this medically certified illness of a person at risk, the presence of the insured person is needed

Example of an “unexpected serious illness” (not exclusive):

- The insured person takes out insurance for a trip that has been booked. Shortly before departure, she has a heart attack for the first time.
- The mother of the insured person is diagnosed with inflammation of the lung after the insurance has been taken out and the trip booked. Due to the illness, the mother is dependent on the care of the insured person.
- At the time when the insurance is taken out, the insured person has an allergy. No treatment for the allergy has been given during the last 6 months before the insurance was taken out. Before departure, a strong allergic reaction occurs. The doctor providing treatment establishes unfitness to travel due to the intensity of the allergic reaction.

Example of an “unexpected serious illness” for the travel curtailment insurance and emergency insurance (not exclusive):

- The insured person takes out insurance for a trip that has been booked. Shortly after departure, she has a heart attack for the first time.
- The mother of the insured person is diagnosed with inflammation of the lung after the insurance has been taken out and the trip has started. Due to the illness, the mother is dependent on the care of the insured person.
- At the time when the insurance is taken out, the insured person has an allergy. No treatment for the allergy has been given during the last 6 months before the insurance was taken out. After departure, a strong allergic reaction occurs. The doctor providing treatment recommends early return from the journey due to the intensity of the allergic reaction.

Not all the cases that can be imagined are insured. Examples where there is no “unexpected serious illness” (not exclusive):

- The insured person suffers from an illness which progresses in phases (e.g. multiple sclerosis, Crohn’s Disease). Treatment for the pre-existing illness has been given during the last 6 months before the insurance was taken out or the trip was booked. Consequently, the illness is not insured.
